

# Marvell Armada A38x by SolidRun

[marvell](#), [armada](#), [a38x](#), [clearfog](#), [microsom](#)

The ARMADA Single board computer series of ARM® Cortex® architecture processors are a robust energy-efficient family of SoCs, optimized for full application flexibility. Marvell ARMADA processors stand out with their very powerful processing abilities suited for the ever-changing needs of developers and designers. SolidRun in cooperation with Marvell USA, has integrated the powerful ARMADA series into a range of SOM's and boards for optimal development application - especially suited in headless data processing, networking and storage.
